

**MARION
HEALTH**

Marion Health's commitment to serving the local community through positive patient encounters is evident as we pursue excellence in the care provided by our highly skilled and compassionate team. As the landscape of healthcare evolves, we proudly stay at the forefront of the medical industry with cutting-edge technology. This dedication ensures that we continue to locally deliver high-quality care.

Marion Health has been a cornerstone of rural Grant County for generations, enhancing the health and wellness of our community.

We pride ourselves on treating our patients as friends, neighbors, and family. The organization has been a trusted healthcare provider across the lifespan, from conception to geriatric care.

We invite you to explore and discover the Marion Health difference. On behalf of our highly skilled physicians, staff, and volunteers, thank you for taking the time to learn more about the services we provide. We are confident you will appreciate the care and commitment that define Marion Health.

SERVICES

Marion Health Services

Acute Rehabilitation Care

- All rooms are private.
- 3 hours of therapy per day utilizing at least two out of three different therapies (physical, occupational, speech).
- Patients must qualify for admittance to the program per their insurance company's guidelines.

Cancer Care Services

- Provides high-quality radiation and medical oncology services.
- Features full laboratory services.
- Awarded official accreditation from the Commission on Cancer.

Cardiovascular Care

- Features state-of-the-art, totally digital cardiac catheterization electrophysiology labs.
- On-site Heart Failure Clinic that offers long-term treatment for the ongoing condition of (congestive) heart failure.
- Features comprehensive Cardiopulmonary Rehabilitation program.

Critical Care

- Patients are monitored 24/7 by equipment and staff.
- Works closely with the patient's primary care doctor in a multidisciplinary approach.

Emergency & Urgent Care

- Every member of the team is a specialist in emergency care.
- Our ER uses the most advanced diagnostic imaging and laboratory services currently available.
- MGH Express Urgent Care is open 7 days a week, 8am-8pm.

Health and Wellness Screenings

- Offering 3 levels of cardiovascular screenings.
- Also offer screenings for the lungs and the prostate.

Interventional Radiology

- Interventional Radiology (IR) is a medical specialty that uses minimally invasive procedures and imaging technology to diagnose and treat conditions in almost every organ system.
- IR includes Angiography, Angioplasty, Stent graft, Ablative Therapy, and Image-guided biopsy.

Laboratory

- Our laboratories are fully accredited by the College of American Pathologists
- Appointments are not necessary, but physician orders are required

Lung Center

- The Lung Center provides treatment for all pulmonary diseases.
 - This includes COPD, asthma, and emphysema.

Nutritional Counseling Diabetes Clinic

- On staff a Certified Diabetes Educator, and registered Dieticians
- Patients are taught all aspects of diabetes management and can work one-on-one with a dietician to create a meal plan to improve cholesterol, blood pressure, or any other disease that diet impacts.

OB/GYN

- Our Family Birthing Center (FBC) strives to make every delivery a family event.
- The FBC also offers pre-natal classes, the Great Beginnings program, and the Safe Sleep program
- The FBC also has Board-Certified Lactation Consultants to help support breastfeeding.

Neonatologists

- Several neonatologists on staff with the FBC. Every baby born in the FBC is examined by a neonatologist every day that they are in the hospital.

Pediatrics

- Marion Health is the only hospital in the community that is staffed with board certified pediatric physicians.
- Marion Health Pediatricians offer comprehensive care from birth to well-child exams to managing chronic conditions
- Inpatient Pediatric Unit

Physical, Occupational, and Speech Therapy

- Outpatient therapy offered at the Northwood and Marion Health East locations for:
 - Physical Therapy
 - Occupational Therapy
 - Speech Therapy
 - Aquatic Therapy (on location at the Marion YMCA)

Primary Care

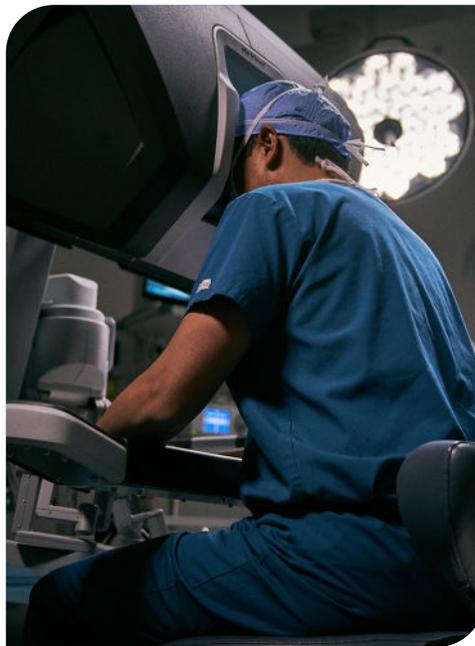

- 6 Primary Care office locations to serve Grant County.
- Covers a range of prevention, wellness, and treatment of common illnesses.
- Don't have a primary care provider? Call our dedicated line at **765-660-6444** to get connected with one near you
- Mental Health Providers

Radiology
